Students must get their MA Supervisory Committee members' approval before commencing the optional MA thesis. This must be done by the end of the 3rd quarter of study (excluding Summer).

The thesis prospectus must be approved by all Supervisory Committee members. An approved thesis prospectus is due by the first week of the first quarter of the students' second year of study. It may not be submitted until a student has removed any outstanding incompletes.

Students must take 9 credits of 700 level thesis credits—all of these credits may be taken during one quarter, or can be spread out over three consecutive quarters.

Attach this sheet to the front of your prospectus. After securing all signatures, turn in a **COPY** of the cover sheet and prospectus to the Graduate Program Advisor in Denny 220 to get an add code. Each time you need to get your Supervisory Committees' signatures you will need to request the copy of this cover sheet that is in your file—this will be considered your official record.
